

INTRODUCING THE CLOUD^X

ADJUSTABLE AIRFLOW TANK SYSTEM

- More Airflow, Flavor & Vapor
- Pyrex Glass & Stainless Steel
- Replaceable Vertical Coil
- Unique Anti-Leak Design
- Top & Bottom Filling
- Organic Cotton coils

Engineered by vapers for vapers, this precision-designed stainless steel and pyrex glass high performance tank delivers vastly superior flavor and vapor. With features such as an adjustable airflow system, a unique double anti-leaking feature, top and bottom filling capability, and 1.6 ohm organic cotton Replaceable Vertical Coils (RVC), the CloudX is the most advanced tank in its class.
